Dear Mr. Beatty:

Re: Extension for Submittal of the 1992 Annual Report, Barrick Resources (USA), Inc., Mercur Mine, M/045/017, Tooele County, Utah

Thank you for your January 26th letter requesting a time extension to submit the annual report for Barrick Mercur's Gold Mine.

The Division acknowledges the time involved in producing the 1992 disturbed area maps and updating the surface configuration changes. Consequently, your request for an extension until March 31, 1993 is granted. We appreciate receiving notification of the delay and your commitment to provide the required report in a timely manner.

Sincerely,

D. Wayne Hedberg
Permit Supervisor

RE: Diesel Fuel Spill, Completion of
Corrective Action Plan

Dear Mr. Beatty:

This letter is to acknowledge Barrick's completion of the Corrective Action Plan submitted to the Division of Water Quality on April 10, 1992. The photo documentation of the concrete containment liner and berm placed around the fuel tanks is sufficient to determine completion of the accepted plan in accordance with the agreed upon requirements. The Division of Water Quality does not anticipate the need for any further action at this site.

Sincerely,

Utah Water Quality Board

Don A. Ostler, P.E.
Executive Secretary
